

## Marvelous city of Tours

Sitting near the river and looking at the cloudy sky

Birds fly

The sounds of trees make me cry

Do you want coffee? I buy

City of Tours is a nice place for students

City of Tours is a nice place for meeting and sharing moments

With family, parents and friends

City of Tours is the best place for discovering

Arts and history and at Tours always a happy ending

City is quiet and lively

Everyone is busy and smiley

Student life is sometimes hard but always comfy

Students are all lovely

Took the train and enjoyed the view

Saw a castle and churches

Ridden a bicycle

Ate a waffle at the shopping center

Worked at the library all day

Ate at canteen

Worked after class day

Went for a walk or a run

This little word talks about this beautiful city

This little word talks about marvelous students

This little word says to live and always keep the best

This little word says to be yourself

This little word says life is beautiful, there are always opportunities to succeed

This little word says that Tours are a nice place

This little word says that all students are unique

This little word shows the life of ordinary and extraordinary students

These are my little writings for participating in this program. These are my free compositions (I hope it correspond with the subject). These are my own personal writings. I chose the written. I hope my poem will give you a lot of good vibes for everyone (students and not students). Tours are the best place for studying and the best place for discovering something new. I like to write. I hope it will resonate with you.
